## 27) Pay Order Register

Pay Orders aggregating to ₹4,88,688.00 were outstanding and unpaid as on 30.9.2025.

As per the CDC Report, it was noticed that at the Tamil Nadu State Apex Cooperative Bank, Shenoy nagar Branch, Pay Orders aggregating to ₹4,88,688.00 were outstanding and unpaid as on 30.9.2025.

The age-wise breakup of the outstanding Pay Orders is given below:

| Sl. No. | Period      | Amount (₹)  |
|---------|-------------|-------------|
| 1       | 0-6 Months  | 3,167/-     |
| 2       | 6-12 Months | —           |
| 3       | 1-2 Years   | 58,250.00   |
| 4       | 2-3 Years   | 14,725.00   |
| 5       | 3-5 Years   | 25,990.00   |
| 6       | 5-10 Years  | 4,02,635.00 |

A significant portion of the outstanding amount pertains to instruments pending for more than one year, and particularly those between 5-10 years. Such prolonged pendency reflects inadequate review and follow-up of unpaid Pay Orders. In terms of the circular issued by the Reserve Bank of India vide DBOD.AML.BC.47/14.01.091/2011-12 dated 04.11.2011 (RBI/2011-12/251), banks are required to periodically scrutinize outstanding instruments, monitor long-pending entries, and initiate appropriate action in compliance with regulatory and AML guidelines.

The branch is therefore advised to conduct an immediate review of the long-outstanding Pay Orders, take necessary action as per extant rules, and strengthen the monitoring mechanism to avoid accumulation of such pending instruments in future.

Credit-Deposit Ratio (CDR) is a key indicator

Credit-Deposit Ratio (CDR) is a key indicator used to measure the extent to which a bank's deposits are deployed for lending purposes.

**CDR = Total Loans / Total Deposits**

Loan and Deposit Details:

Total Loans - ₹42,57,54,306.37

Total Deposits - ₹1,39,74,00,302.59

Calculated CDR - 30.47%

The above ratio is considerably low, indicating weak or inadequate credit deployment. It reflects that only a limited portion of the mobilized deposits has been utilized for lending activities, which may adversely affect the bank's income generation and overall profitability.

Further, as per the circular issued by the Reserve Bank of India bearing reference RBI/2016-17/02 FIDD.CO.LBS.BC.No.5/02.01.001/2016-17 dated 01.07.2016 regarding planning and monitoring under the Lead Bank Scheme, banks are required to ensure proper credit planning and effective monitoring of credit deployment. The persistently low CDR appears to be not in alignment with the spirit of the above regulatory guidelines.

The management may therefore review its credit planning strategy and take appropriate steps to improve the deployment of funds in a productive and compliant manner.

## 29) Trial Balance Report

### Balance Comparison Statement and the General Ledger (GL),

During the course of audit of the second quarter accounts of the branch, it was observed that differences continue to exist between the Balance Comparison Statement and the General Ledger (GL), similar to the discrepancies noticed in the previous quarter. The details are as follows:

| Sl. No. | Head of Account | Balance Comparison Statement (₹) | GL (₹)             | Difference (₹) |
|---------|-----------------|----------------------------------|--------------------|----------------|
| 1       | Current A/c     | Rs.1,55,70,127.19                | Rs.1,55,72,289.19  | RS.-2,162.00   |
| 2       | Savings A/c     | Rs.28,54,72,304.87               | Rs.28,54,58,095.87 | Rs.14,209.00   |
| 3       | CA-TOD          | Rs.-1,46,815.15                  | Rs.-2,35,608.15    | Rs.88,793.00   |
| 4.      | POD             | Rs.-2,30,540.57                  | Rs.-2,37,245.57    | Rs.6,705.00    |

The above discrepancies indicate that proper reconciliation between subsidiary ledgers and the General Ledger has not been carried out. Persistent differences reflect weaknesses in internal control and financial reporting systems.

As per the guidelines issued by the Reserve Bank of India on internal control and financial discipline, banks are required to conduct periodic reconciliation of all major heads of accounts to ensure accuracy and reliability of financial statements.

Further, the supervisory instructions issued by the National Bank for Agriculture and Rural Development require cooperative banks to reconcile their books of accounts on a regular basis and promptly rectify any discrepancies noticed.

Additionally, under the provisions of the Tamil Nadu Cooperative Societies Act, 1983 and the relevant Rules, every society is required to maintain proper and accurate books of accounts reflecting the true and fair position of its financial affairs.

The branch is therefore advised to immediately report the discrepancies to the Head Office, carry out detailed reconciliation, rectify the differences without delay, and strengthen the reconciliation mechanism to prevent recurrence of such lapses in future.

The above discrepancies indicate that proper reconciliation between subsidiary ledgers and the General Ledger has not been carried out. Persistent differences reflect weaknesses in internal control and financial reporting systems.

As per the guidelines issued by the Reserve Bank of India on internal control and financial discipline, banks are required to conduct periodic reconciliation of all major heads of accounts to ensure accuracy and reliability of financial statements.

Further, the supervisory instructions issued by the National Bank for Agriculture and Rural Development require cooperative banks to reconcile their books of accounts on a regular basis and promptly rectify any discrepancies noticed.

Additionally, under the provisions of the Tamil Nadu Cooperative Societies Act, 1983 and the relevant Rules, every society is required to maintain proper and accurate books of accounts reflecting the true and fair position of its financial affairs.

The branch is therefore advised to immediately report the discrepancies to the Head Office, carry out detailed reconciliation, rectify the differences without delay, and strengthen the

reconciliation mechanism to prevent recurrence of such lapses in future.

### **36) KYC Register**

CKYC compliance has not been fully completed in the branch

During the course of audit, it was observed that CKYC compliance has not been fully completed in the branch. As per records (as on 24.2.2026) verified, out of the total 4,324 customer accounts, only 2,966 accounts have been updated under CKYC norms, leaving 1,358 accounts pending for CKYC registration. Non-completion of CKYC is in contravention of the Know Your Customer (KYC) Directions issued by Reserve Bank of India under the Master Direction - KYC (updated from time to time), read with guidelines issued by NABARD applicable to Cooperative Banks. The branch is advised to take immediate steps to complete CKYC formalities for all pending accounts and ensure 100% compliance to avoid regulatory and operational risk.

### 37) KYC Register

#### KYC/AML directives

Bank of India and the subsequent KYC/AML directives, banks are mandated to obtain valid proof of identity and address from all customers and to ensure regular updation and proper maintenance of KYC records. The guidelines also provide that suitable restrictions, including freezing of accounts, may be imposed in cases where customers fail to comply with KYC requirements. Continuous monitoring at the stage of account opening as well as during transactions is also required.

As on 31.12.2025, the branch maintained 1,534 accounts, of which 59 accounts were under freeze due to non-compliance with KYC norms.

Although freezing of such accounts is permitted under RBI regulations, the presence of 59 frozen accounts reflects delays in completing KYC formalities and indicates weaknesses in follow-up and monitoring procedures. The management is therefore advised to expedite the process of KYC updation in all pending cases and to reinforce internal control systems to ensure strict regulatory compliance going forward.

### 38) Token Register

Token Register maintained at the branch did not contain the signatures

During the course of third quarter of audit, it was observed that the Token Register maintained at the branch did not contain the signatures of counter staff against several transaction entries in the following dates: 21.10.2025,22.10.25,24.10.25,28.10.25,29.10.25,30.10.2025,11.12.2025,12.12.2025,15.12.2025 to 31.12.2025

The non-authentication of entries indicates weakness in internal control and lack of proper supervisory oversight .As per the instructions issued by the Reserve Bank of India under Master Circular on Frauds - Classification and Reporting (RBI/2016-17/28 DBS.CO.CFMC.BC.No.1/23.04.001/2016-17 dated 01.07.2016) and the guidelines on internal control and operational discipline applicable to cooperative banks, proper maintenance and authentication of primary records and registers are mandatory to ensure accountability and prevent operational irregularities. Further, as per supervisory guidelines issued by the National Bank for Agriculture and Rural Development vide Circular No.

B.DoS.HO.Pol.No.65/09.08.00/2014-15 (Inspection and Supervision of Cooperative Banks), banks are required to maintain proper documentation, maker-checker system, and authenticated records in all operational areas.

Failure to obtain counter staff signatures in the Token Register weakens the audit trail, increases the risk of cash handling discrepancies, and is not in conformity with the above regulatory guidelines. The management is therefore advised to ensure that all Token Register entries are duly signed by the concerned counter staff and verified by the supervisory official, and to strengthen internal control systems to avoid recurrence of such lapses

### **39) Manager Scroll**

Daily Cash Scroll was not verified and authenticated by the Branch Manager

During the course of audit, it was observed that the Daily Cash Scroll was not verified and authenticated by the Branch Manager on following days, indicating deficiency in supervisory control. Dates :19.12.2025,17.12.2025,12.12.2025,6.12.2025 As per the provisions of the Tamil Nadu Cooperative Societies Act, 1983 and Rule 149 of the Tamil Nadu Cooperative Societies Rules, 1988 Every cooperative society is required to maintain proper books of accounts and ensure that all financial records are correctly written up, balanced, and authenticated by the competent authority. The daily cash book and connected records must be verified and signed by the authorized officer to ensure accuracy and accountability. Non-authentication of the Cash Scroll by the Branch Manager is therefore not in conformity with Rule 149 of the Tamil Nadu Cooperative Societies Rules, 1988, and reflects weakness in internal control and supervision. The management is advised to ensure that the Daily Cash Scroll is verified and signed by the Branch Manager on each working day without fail and that proper supervisory checks are strengthened in accordance with the Cooperative Act and Rules.

#### **40) Temporary Over Draft**

sanctioned limit expired on 07.12.2017

During the course third quarter of audit, on verification of CDC repostmmTOD 1)A/c No. 712453497, it was observed that the .sanctioned limit expired on 07.12.2017 However, a debit balance of Rs. 273 /-(NPA interest)continued in the account and 2) A/c No. 712566885, it was observed that the sanctioned limit expired on 28.11.2007. However, a debit balance of Rs. 245/- /-(NPA interest)continued in the account . Further, interest was shown as due from 31.07.2018 and the account was classified as NPA. It was noticed that interest application and recognition were not in line with the RBI Master Circular on Prudential Norms on Income Recognition, Asset Classification and Provisioning (IRAC Norms), DBR.No.BP.BC.2/21.04.048/2015-16 dated 01.07.2015 and NABARD Circular No. NB.DoR (PCB).MC.No.8/12.05.001/2015-16 dated 01.07.2015.As per the guidelines, unrealised interest in NPA accounts should not be recognised as income. The branch is therefore advised to reverse the ineligible interest, ensure proper NPA classification, make necessary provisioning and submit a compliance report to audit immediately

#### **41) Nominee Register**

certain accounts were found without nomination facility.

During the course of third quarter of audit, it was observed from the CDC report that out of the total 4,958 deposit accounts (31.12.2025) maintained by the branch, certain accounts were found without nomination facility.

As per Section 45ZA of the Banking Regulation Act, 1949 (AACS) and Rule 2(1) of the Banking Companies (Nomination) Rules, 1985, every depositor has the right to make a nomination in respect of deposit accounts, and banks are required to obtain and record nomination details at the time of opening the account. Further, banks must encourage depositors to avail nomination facility to safeguard the interests of legal heirs and ensure smooth settlement of claims.

Non-obtaining of nomination in deposit accounts exposes the bank to legal complications and delays in settlement of claims in the event of death of the depositor. The absence of nomination in several accounts out of 4,958 indicates inadequate follow-up and lack of awareness efforts at the branch level.

The management is therefore advised to obtain nomination in all existing deposit accounts without nomination and ensure compliance with the above statutory provisions, besides strengthening monitoring and periodic review of nomination coverage.

## 42) Pay Order Register

| 5       | 3-5 Years   | Rs.35,540/-   |
| 6       | 5-10 Years  | Rs.3,72,585/- |

The existence of long-pending Pay Orders, particularly those outstanding for more than one year, indicates lack of proper monitoring and follow-up. As per the guidelines issued by the Reserve Bank of India vide Circular No. DBOD.AML.BC.47/14.01.091/2011-12 dated 04.11.2011 (RBI/2011-12/251), banks are required to closely monitor outstanding instruments, review long-pending entries, and take appropriate action in accordance with regulatory instructions, including compliance with AML guidelines where applicable.
